# Membership at Hayes Arboretum

## Hayes Arboretum's Mission

Hayes Arboretum's mission is to provide nature and recreational education for our visitors through instruction, experiences, and amenities. Your membership offers financial support for both our educational programs and the care and the maintenance of this facility.

Our 466-acre property features 3% of Indiana's old-growth forest, many acres of reforested woods, and two Adena/Hopewell mounds, as well as an 1833 dairy barn that acts as our nature center. Ponds, fields, and two wetlands also decorate our terrain. Our unique landscape hosts thousands of visitors for group programs and individual exploration throughout the year, whether it be for a naturalist-led hike or a self-guided walk on our several miles of hiking paths.

These are just a few of the many reasons to become a member and participate in the exciting activity at Hayes Arboretum. Thank you for your support!
